Body Sorry [REDACTED] I was passed out for 2 days... and I accept ur apology. I just hope u guys would believe that id never ever call dhs on anyone ever. U don't play with someone's kids ya kno. I could never be that low. But anyways yea to pass a ua u need to take a little shooter bottle and obviously have it filled with clean pee... but where the lid would go u tape/glue a piece of tin foil over the opening. Stick it up ur vagina. Now right before u go in the building u gotta prick the tin foil with ur finger nail.. and squeeze ur muscles as tight as u can. Ur gonna have to practice a bit til u get it right.

Body ltd be easier for me to show u how to make the bottle up in person.. u gotta use electrical tape to hold the foil in place over the opening
